## Skills

Hello World! Creative and social individual here with diverse work experience. My primary background is in sound design, music composition, and performance as well as teaching children music and philosophy. Meaningful work is essential to me, and I find working with people to be both rewarding and enjoyable. Besides educational and creative work, I have also worked as a cook and a bartender, which I found enjoyable and interesting as I often find food and people to be a great source of inspiration:)

## Work History
